

## Recommended pre-drill diameter for SPAX screws.

In softwood no pre-drilling is necessary. For hardwoods we recommend pre-drilling, see table below for the full length of the screw.

Screw diameter 4 mm pre-drilling diameter 3 mm  
Screw diameter 4,5 mm pre-drilling diameter 3 mm  
Screw diameter 5 mm pre-drilling diameter 3,5 mm  
Screw diameter 6 mm pre-drilling diameter 4 mm  
Screw diameter 7 mm pre-drilling diameter 5 mm  
Screw diameter 8 mm pre-drilling diameter 6 mm  
Screw diameter 10 mm pre-drilling diameter 7 mm  
Screw diameter 12 mm pre-drilling diameter 8 mm  
Threaded rod 16 mm pre-drilling diameter 13 mm
